## **FOREWORD**

We have the satisfaction to present The Region of Madrid in Figures for the year 2015, once again in printed edition.

The purpose behind this publication is to offer a summarized and entertaining image of our Region by introducing some basic data and comparing them over time, as well with data regarding other regions. The objective is to make available to the reader, whether specialist or layman, a selected set of relevant statistical data offering a quick overview of our region; we refer you to the Statistical Yearbook for more in-depth information.

We here at the Institute for Statistics of the Region of Madrid are always happy to receive feedback, criticism or suggestions that may result in the improvement of this publication.

(\* In some municipalities, the fleet of vehicles is very large in relation to the size of the municipality; this happens because of tax exemptions or the reduced amount of the tax on mechanised vehicles charged by the City Council of the municipality in question.
